

2021 New Year's Resolution

Dear God,

You have graced me with many gifts, some of which I have yet to discover or fully use. Help me to take steps this year to become the person you created me to be. Allow me to accept my weaknesses and embrace and celebrate my strengths. Help me to invite others to recognize their gifts as I recognize my own.

Something I am willing to do each day to become the incredible person God created me to be (start the day with gratitude, acknowledge people I meet, try new activities that will stretch your talents . . .)

Something I am willing to do each week to strengthen my relationship with God (spend time outside, appreciate the world in which I live, participate in making sandwiches for St. Vincent DePaul, pray each morning or evening, go to Mass every Sunday with an open mind . . .)
