

Family Activity

Go on a family walk or hike. As you walk, talk about (and point out) where you see God all around you. It could be in nature: it could be in the love of each other; it could be seeing people help one another; it could be in the unconditional love of a family pet; and so much more: Where do you see Christ at work? You can take pictures using a phone if you wish

After your walk, as a family, make a poster that highlights where you see God in your daily life, both during your walk and in your day to day lives. You can draw pictures, verbally describe where you see God, and/or you can print out the pictures you took and paste them onto the poster. Your child can bring this into class and we will decorate the hall with the posters. Or you can email a picture to me at: tbrysgel@stjfchurch.org or text a picture to 860-830-2194
